RE: Town of Paonia – Colorado Open Records Request C 26-12

I am in receipt of your request for records under CORA, received by the Clerk's Office on April 8, 2026: "Complete Microsoft 365 Unified Audit Log export for the Town of Paonia tenant, for all available dates retained by the system."

The Town of Paonia uses Microsoft 365 Business Premium with an audit retention of 180 days.

In response, I am providing Microsoft 365 Audit Logs covering the period of November 2025 through April 2026..

The records released include key information such as the date and time of activity, general operation type, and associated user accounts for Town personnel. To improve readability and transparency, a plain-language summary column has been included to describe each recorded event.

Certain information within the audit logs has been redacted pursuant to C.R.S. § 24-72-204(2)(a)(VIII). These redactions are necessary to protect the security and integrity of the Town's information systems. Specifically:

Technical audit data fields (including session identifiers, system-generated metadata, and authentication details) have been redacted, as disclosure could expose vulnerabilities in system access controls and monitoring processes.

User identifiers not associated with the Town of Paonia domain have been redacted to prevent disclosure of system-level accounts, external service accounts, or third-party identifiers that could be used to map or exploit system architecture. The records provided reflect the nature and timing of system activity while ensuring that disclosure does not compromise the Town's cybersecurity posture.

If you have any questions regarding this response or require clarification on the records provided, please contact the Clerk's Office.

Attached are the documents that meet your request.

1) November 2025
2) December 2025
3) January 2026
4) February 2026
5) March 2026
6) April 2026

CC:

With the delivery of these records, the Clerk's Office has closed this CORA Request.

Thank you,

Samira M. Vetter, CMC
