RE: Town of Paonia – Colorado Open Records Request C 26-17

I am in receipt of your request for records under CORA, received by the Clerk's Office on April 27, 2026.

"All communications (emails, attachments, memos, letters) between Town of Paonia staff, elected officials, or contractors, including but not limited to Professional Management Solutions (PMS), regarding any changes, additions, or modifications to user permissions, user access, user rights, role assignments, or segregation of duties in the Caselle ERP system, from October 1, 2024 through April 19, 2026."

Attached are the documents that meet your request.

"Caselle Connect Management Tracking Report (or equivalent security audit log), filtered to changes made to the User Rights, Users, and Group Rights tables, for the period October 1, 2024 through April 19, 2026. Provide as PDF export or CSV. This is a single report run in Caselle's reporting interface."

This feature is not used and therefore the record does not exist.

With the delivery of these records, the Clerk's Office has closed this CORA Request.

Thank you,

Samira M. Vetter, CMC

Town Clerk/ Official Custodian of Records

RE: Invoice Approval

From Michelle Duran [REDACTED]

Date Mon 8/5/2024 12:02 PM

To Kaja Bowman <KajaB@townofpaonia.com>; Stefen Wynn <StefenW@townofpaonia.com>

Cc Lorraine Trotter [REDACTED] >

I will work on this. When your user was changed as you requested, I had to substitute the new user in all the places where the old one appeared, including in the AP approval process. I will research to see how we can set the process to do as you request.

Thank you.

Subject: Invoice Approval

Hi Michelle,

A week or two ago I asked for request to approve invoices as I no longer had access to do so. Now for some reason when I enter an invoice it automatically approves it which was not the case in the past. If I enter invoices then Stefen needs to still approve those at a later date so if we could fix this issue. It all messes up our reports and disbursement process as we usually print a report before approval for the finance committee to check over. The invoice I just entered was for UMB.

Thank you

Be excellent to each other,

Kaja Bowman

Subject: RE: User name in Caselle

I have searched my notes and I see that I was not the one who initially set up your user. It was already set up, and I was to activate it and give the permissions that I was told to give you. I believe you are correct; the name on Amanda's user was changed to yours. It is not our practice to do that, for the reason you mention. I tried to find the tracking on the initial change, but that function was not turned on, so we cannot re trace the steps.

Here's the solution I propose. I will set up a new User name for you as of now, and you will use that, going forward. Maybe KajaB?

Do you think that is an acceptable solution?

Thank you for checking.

Subject: User name in Caselle

Hi Michelle,

It appears that when I was added to Caselle I took over Amanda's account rather than being set up with my own is that correct? Wanting to confirm because we are seeing my name on past actions before I worked for the Town of Paonia.

I am concerned about having my name attributed to actions I have not taken with the Town's finances and utility billing. Is there a way you can change this so there is a distinction between my account and Amanada's or whichever employee made these older entries?

Thank you

Yes, I agree and will set up a labelled Revenue account- Federal Grant-WaterSmart, and an Expense account for the same. I'll email you the account numbers when I figure them out!

Subject: WaterSMART Grant "Watershed and Water System Strategy Plans for Resiliency in the Face of Change"

Hi Michelle,

As part of the federal grant that we received for planning improvements to the Town's Raw Water sources, we will need to follow 2CFR200.302. requires that a Recipient's financial management system: separately identifies each Federal award; allows for accurate and complete reporting; contains supporting documentation for expenditures; accounts for funds, property, and assets; tracks Federal award budgets; and has written procedures for payments and determining allowability of expenditures. I'm pretty sure that we already do this for some of the projects, but this is another one that we'll need to set up, maybe entitled, "WaterSMART," what are your thoughts?

In Public Service,

Stefen Wynn, M.P.A.
