Hi Chief,

Please see the attached screenshot for a potential safety issue for us. This comment was made after she replied to a comment from Tryl Liam Rage where she said something very similar to, "I eat those kinds for breakfast." Since my house on google has been listed a couple of times as Paonia Town Hall, I have concerns for my family about this person, and want to get something recorded in case this person's message is actually a threat.

What is described here isn't accurate to internal conversations that have been had with me from Town staff. The discussion is that the fee would be waived using the sponsorship in lieu of fees provision of the Special Event Ordinance. We did ask to be partners in the event and to be able to participate by DONATING stickers for participants in the hunt.

[Margaret Granzella](#) this policy is being administered equally across the range of events. It would be no different for other community events - would you prefer that the Town treat other events differently?

Gentrification is the word that comes to mind when I think of the town administration.
