What is described here isn't accurate to in conversations that have been had with me Town staff. The discussion is that the fee v waived using the sponsorship in lieu of fee provision of the Special Event Ordinance. I ask to be partners in the event and to be a participate by DONATING stickers for parti in the hunt.

[Margaret Granzella](#) this policy is being administered equally across the range events. It would be no different for oth community events - would you prefer

Town treat other events differently?

Gentrification is the word that comes to mind when I think of the town administration.

"Gentrification is the transformation of low-income, urban neighborhoods into wealthier, high-value areas, driven by an influx of affluent residents, investment, and development. Key causes include rising land prices, increasing demand for housing, and the desire for more modern amenities and services."
